

RETAIL MERCHANDISING UNITS AVAILABLE AT THE QUEENSMERE OBSERVATORY

DO YOU RUN A SMALL BUSINESS, A BUSINESS FROM HOME OR SIMPLY NEED SOMEWHERE TO SHOWCASE YOUR PRODUCTS? With its wide airy malls and diverse product offering, The Queensmere Observatory is the perfect location to promote your product. Whether you are a business just starting out or a local trader, The Queensmere Observatory Shopping Centre, Slough can provide you with an ideal solution to enhance your sales through leasing a space in the centre in which to place a Retail Merchandising Unit (RMU).

We welcome a wide variety of traders at The Queensmere Observatory Shopping Centre – something that we know our customers enjoy. To continue offering our customers an up to date and changing range of products, we are able to hire out spaces centrally located for ultimate exposure to footfall, on a daily, weekly or monthly basis.

RMU's are a great way to introduce seasonal themes and produce - for example hand made cards for Mothers Day or hand-painted eggs at Easter. With these additional extras we aim to create an all round shopping experience and create a community spirit at The Queensmere Observatory, instead of the mall simply being a corridor leading customers to all their favourite shops at the centre.

If you have a unique product that you would like to showcase at The Queensmere Observatory, whether its art, organic food, home bakery or something new and totally unique, the management team at the centre would be more than interested in talking to you. Please call Bina Vyas on 01753 213040 to discuss, or via e-mail at bina.vyas@queensmereshopping.co.uk. You could be up and running in no time at all!
